DIRECTOR'S REPORT
FOR THE YEAR ENDING 30 JUNE 2010

Your directors submit the financial report of the Company for the financial year ended 30 June 2010.

Directors

The following persons held office as Directors at any time during or since the end of the financial year:

Russell Enders	Paul Jones
Stephen Wight	Geoffrey Webster
Robert Hynes	Bryan Cumming (Resigned 06/10/09)
Karen Woodhart	Sandra Baldwin

Company Secretary

The Company Secretary is Sandra Baldwin. Sandra was appointed the position of secretary on 19th January 2009.

Principle Activities and Significant Changes in Nature of Activities

The principle activities of the Company during the course of the financial year were facilitating the **Community Bank®** services under management rights to operate two franchised branches of Bendigo & Adelaide Bank Limited.

There were no significant changes in the nature of principal activities during the financial year.

Operating Result and Review of Operations

The net result of the Company for the year after providing for income tax was a profit of \$118,524 (2009: loss of \$18,914).

The results in 2009 were greatly impacted by the global financial crisis and the opening of the Drysdale branch. The impact of these did not continue into the current financial period with profitability and interest margins returning to normal levels.

Financial Position

The company's net assets have grown to \$934,489 at the end of the financial year compared to \$815,965 for the previous year. The company's current asset ratio is 4.20, indicating a sound financial position.

There were no dividends paid or declared during the financial year.

Matters Subsequent to the End of the Financial Year

At the date of this report no matter or circumstance has arisen since the end of the financial year that has significantly affected or may significantly affect the operations of the Company; the results of those operations; or the state of affairs of the Company in future years.

Future Development

The Directors are not aware of any specific development likely to have a significant effect on the operations of the Company or the expected results of those operations.

Environmental Regulations

The Company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a State or Territory.

Director and Auditor Indemnification

The Company has indemnified all Directors and Auditors in respect of liabilities to other persons (other than the Company or related body corporate) that may arise from their position as Directors of the Company except where the liability arises out of conduct involving lack of good faith.

Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause of the contract of insurance.

Share Options

No options to shares in the Company have been granted during the financial year and there were no options outstanding at the date of this report.

NOTES TO AND FORMING PART OF THE ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2010

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

The following is a summary of the material accounting policies adopted by the company in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

(a) Rounding

All amounts shown in the Financial Statements are expressed to the nearest dollar.

(b) Cash and Cash Equivalents

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(c) Receivables

Trade debtors are carried at nominal amounts due and are due for settlement within 30 days from the date of recognition. Collectability of debts is reviewed on an ongoing basis. The directors believe that the full amount of debt is recoverable, and no doubtful debt provision have been made at 30 June 2009.

Receivables are recognised initially at fair value and subsequently measured at amortised cost, using the effective interest rate method, less any accumulated impairment.

(d) Other Financial Assets

Other financial assets are recognised and derecognised on trade date where purchase or sale of an investment is under a contract whose terms require delivery of the investment within the timeframe established by the market concerned, and are initially measured at fair value, net of transaction costs.

The company classifies its other financial assets between current and non-current assets based on the purpose for which the assets were acquired at initial recognition.

The company assesses at each balance sheet date whether a financial asset or group of financial assets is impaired.

Financial assets at fair value through profit or loss

Financial assets held for trading purposes are classified as current assets and are stated at fair value, with any resultant gain or loss recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset. Fair value is determined in the manner described in Note 15.

Loans and receivables

Trade receivables, loans and other receivables are recorded at amortised cost, using the effective interest method, less impairment.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, where appropriate, a shorter period.

Held-to-maturity investments

Where the company has the positive intent and ability to hold investments to maturity, they are stated at amortised cost less impairment losses.

Available-for-sale financial assets

Other financial assets held by the company are classified as being available-for-sale and are stated at fair value. Gains and losses arising from changes in fair value are recognised directly in equity until the investment is disposed of or is determined to be impaired, at which time the cumulative gain or loss previously recognised in equity is included in profit or loss for the period. Fair value is determined in the manner described in Note 15.

(e) Plant and Equipment

Plant and equipment are brought to account at cost or at independent or directors' valuation less, where applicable, any accumulated depreciation or amortisation. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to their present values in determining recoverable amounts.

The depreciable amount of all fixed assets is depreciated over their useful lives commencing from the time the asset is held ready for use.

A summary of the depreciation method and depreciation rates for each class of attached is as follows.

Class of Asset	2010	2009
Furniture & Fittings	18.75-25%	18.75-25%
Plant & Equipment	18.75-25%	18.75-25%
Leasehold Improvements	20-25%	20-25%

(f) Impairment of Assets

Intangible assets with indefinite useful lives (and intangible assets not yet available for use) are tested annually for impairment (i.e. as to whether their carrying value exceeds their recoverable amount, and so require write-downs) and whenever there is an indication that the asset may be impaired. All other assets are assessed annually for indications of impairment, except for:

- financial instrument assets;
- investment property that is measured at fair value; and
- non-current assets held for sale.

If there is an indication of impairment, the assets concerned are tested as to whether their carrying value exceeds their recoverable amount. Where an asset's carrying value exceeds its recoverable amount, the difference is written-off by a charge to the operating statement except to the extent that the write-down can be debited to an asset revaluation reserve amount applicable to that class of asset.

It is deemed that, in the event of the loss of an asset, the future economic benefits arising from the use of the asset will be replaced unless a specific decision to the contrary has been made. The recoverable amount for most assets is measured at the higher of depreciated replacement cost and fair value less costs to sell. Recoverable amount for assets held primarily to generate net cash inflows is measured at the higher of the present value of future cash flows expected to be obtained from the asset and fair value less costs to sell.

NOTES TO AND FORMING PART OF THE ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2010

(g) **Goodwill**

Goodwill is initially recorded at the amount by which the purchase price for a business combination exceeds the fair value attributed to the interest in the net fair value of identifiable assets, liabilities and contingent liabilities at date of acquisition. Goodwill is tested annually for impairment and carried at cost less accumulated impairment losses.

(h) **Payables**

These amounts consist predominantly of liabilities for goods and services. Payables are initially recognised at fair value, then subsequently carried at amortised cost and represent liabilities for goods and services provided to the company prior to the end of the financial year that are unpaid, and arise when the company becomes obliged to make future payments in respect of the purchase of these goods and services. The normal credit terms are usually Nett 30 days.

(i) **Goods and Services Tax**

Revenues, expenses and assets are recognised net of GST except for receivables and payables which are stated with the amount of GST included and except where the amount of GST incurred is not recoverable, in which case GST is recognised as part of the cost of acquisition of an asset or part of an item of expense or revenue. GST receivable from and payable to the Australian Taxation Office (ATO) is included in the statement of financial position. The GST component of a receipt or payment is recognised on a gross basis in the cash flow statement except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(j) **Income Tax**

The income tax expense for the year comprises current income tax expense and deferred tax expense.

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities are therefore measured at the amounts expected to be paid to the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

(k) **Leases**

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are classified as finance leases. Finance leases are capitalised, recording as asset value of the minimum lease payments, including any guaranteed residual values. Leased assets are amortised over their estimated useful lives where it is likely that the entity will obtain ownership of the asset or over the term of the lease. Lease payments are allocated between the reduction of the lease liability and the interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred. Lease incentives under operating leases are recognised as a liability. Lease payments received reduce the liability.

(l) **Employee Benefits**

Provision is made for the company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. Those cashflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cashflows.

(m) **Revenue recognition**

Revenue is recognised in accordance with AASB 118. Income is recognised as revenue to the extent it is earned. Unearned income at reporting date is reported as income received in advance.

(n) **Comparative Information**

Where necessary the previous year's figures have been reclassified to facilitate comparisons.

(o) **New Accounting Standards and Interpretations**

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2010 reporting period. As at 30 June 2010, the following standards and interpretations had been issued but were not mandatory for financial years ending 30 June 2010. Bellarine Peninsula Community Branch Ltd has not and does not intend to adopt these standards early.

Standard / Interpretation	Applicable	Impact on Entities Annual Statements
AASB 2009-5 Further amendments to Australian Accounting Standards arising from the annual improvements project [AASB 5, 8, 101, 107, 117, 118, 136 and 139]	Beginning 1 Jan 2010	Terminology and editorial changes. Impact minor.
AASB 2009-9 Amendments to Australian Accounting Standards - additional exemptions for first-time adopters [AASB 1]	Beginning 1 Jan 2011	No impact. Relates only to first time adopters of Australian Accounting
AASB 124 Related party disclosures (Dec 2009)	Beginning 1 Jan 2011	Preliminary assessment suggests that impact is insignificant.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
BELLARINE PENINSULA COMMUNITY BRANCH LIMITED**

Report on the financial report

We have audited the accompanying financial report of Bellarine Peninsula Community Branch Limited, which comprises the statement of financial position as at 30 June 2010, and the statement of comprehensive income, statement of changes in equity and cash flow statement for the year ended on that date, a summary of significant accounting policies and other explanatory notes.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
