Press Release – Maryborough Advertiser

“Capilano Honey Limited is making some operational changes in Australia which will affect some employees at its Maryborough plant” Mr Roger Masters, Managing Director said today in a visit to its Maryborough factory.

“The majority of the export and domestic bulk packing of honey will be moved to the Maryborough plant while all of the retail packing will be carried out in our Brisbane plant” he said.

“This move will cut operational costs and improve Capilano’s position in a very competitive sales environment. The downside is that it creates a loss of jobs for some employees in a tightly knit community such as Maryborough”.

A handwritten signature in black ink, appearing to read 'R D Masters', is positioned above the printed name.
