

# Emu Park Community Bank<sup>®</sup> Branch Bendigo Bank

## Community Bank's First Eftpos Facility Installed

**Emu Park, Monday, 5 December 2005:** After nearly 6 weeks of operation the Emu Park Community Bank<sup>®</sup> sees its first Eftpos machine installed at a local business. The Zilzie Workshop is the first business customer to receive the facility, though several other applications have been submitted.

Pictured above are the Branch Manager Brian Auld and Zilzie Workshop owner and mechanic Colin Neal. Mr. Neal said 'It's great not only to have a bank after so long without one, but the changeover from our previous bank to the Bendigo has been very smooth. The Eftpos machine itself is easier for customers to read and much faster too'.

Since its opening on 26 October the local branch of the Bendigo Bank has opened over 250 personal and business accounts. Branch Manager Brian Auld said 'It's so good to see local residents and businesses come on board and show their support. You can see the relief on their faces when they come in to do their banking. It's just so convenient for them, and they get that personal touch as well'.

Besides having full banking facilities on their doorstep 6 days a week, new and existing customers of the bank can also benefit from the waiver of bank fees when applying for a personal or home loan before 26 January 2006.

Shares in the Community Bank<sup>®</sup> can still be purchased through the Secretary Jeff Porter on 4938 7752.

The branch is located at 25 Pattison Street, Emu Park and can be contacted direct on 4939 6441.
