## Manager's report

Despite the tough economic environment, it's been pleasing to watch our branch continue to grow. Confidence in lending has increased but the continued battle in our marketplace is for depositors funds and all institutions are competing for their slice of the pie. However the customer base and number of accounts at Deloraine & Districts **Community Bank**<sup>®</sup> Branch have continued to increase - which are both indicators of confidence in our branch.

I am also pleased with our branch's performance over the last three months. Our staff have contributed strongly to that performance.

We have implemented a staff development strategy that allows all staff an opportunity to express an interest in an area of the business, develop skills in those areas and then put them into practice. Professional development has always been incredibly important for both Bendigo and Adelaide Bank and Meander Valley Financial Services.

Next time you come into the branch, please take the opportunity to meet our professional and dedicated staff. Our staff provide great customer service and can help you with a range of services such as loans, deposits, insurance and making an appointment with our financial planner.

I am passionate about my community and banking. Whatever your financial requirements, please consider us when next you have a decision to make about banking.

Our bank branch is owned by the local community and in partnership with Bendigo Bank we use the profits generated by the branch to fund important projects in our community.

There are currently more than 250 **Community Bank**<sup>®</sup> branches across Australia that have returned more than \$39 million to support local communities.

These are huge figures, and behind those numbers are hundreds of stories of **Community Bank**<sup>®</sup> branches making a real difference to the lives of local people.

Ultimately, the more business our **Community Bank**<sup>®</sup> branch can generate, equally as much profit can be ploughed straight back into supporting local community project.

I Look forward to seeing you soon.

**Darren Rumble**  
Branch Manager

## Chairman's editorial

The economic climate has shown signs of improving over the past four to five months, but I'm sure most of you will agree that we are not out of the woods yet.

Recent difficulties in the dairy, horticulture and forestry industries seem likely to continue over the next six to 12 months, which makes predicting the course of the local business economy uncertain. The underlying strength of our Australian economy has seen us do better than

many other countries but while this is a positive it shouldn't be taken for granted.

I believe our challenge as a community is to continue to build local resilience and long-term sustainability. We can do this by focusing on our community's strengths and capabilities, working together and promoting our region's assets. The result will be recognition of the opportunities our Company can provide to potential businesses, investors and new residents. The on-flow is a better lifestyle for all living here.

In pursuit of this activity, an important first step has been taken by Richard Millen; CEO of the Meander Valley Enterprise Centre Incorporated (MVEC). Richard has followed up the actions identified

## Chairman's editorial (continued)

at the community forums co-sponsored by your **Community Bank**<sup>®</sup> branch conducted last August in Westbury and Deloraine.

MVEC has facilitated a group of local people to identify key issues and a long term strategy for promoting sustainable business and lifestyle in our community. Some of you will have been invited to participate in this process. I urge you to put your ideas forward. The need to plan for the future is vital and should be embraced. If you are interested in assisting this group, contact MVEC on 6362 3456, or 0419 623 455 or email mvecinc@bigpond.net.au

Meander Valley Financial Services is delighted to support Westbury Working Together's project to reopen the Westbury Medical Centre. Our Branch Manager, Darren and several of our Directors attended the Westbury Rotary breakfast on Australia Day to present our contribution of \$5,000. The Medical Centre is once again fully operational.

This is a striking example of how Deloraine & Districts **Community Bank**<sup>®</sup> Branch can support local initiatives building vital infrastructure.

The **Community Bank**<sup>®</sup> model is growing rapidly in Tasmania. We have steering committees working towards establishing **Community Bank**<sup>®</sup> branches in Sorell, Nubeena, Georgetown, East Devonport, and Sheffield/Railton. There have been preliminary enquiries from other regions in our state too.

On behalf of the Meander Valley Financial Services Board, I'd like to thank you for your continuing support. I'd also like to thank our staff, Darren, Kelly, Kim, Kim, Kelly and Judy for the great work they do. I would also like to offer a word of appreciation for the Meander Valley Financial Services volunteer Directors, who generously contribute their time and expertise with the sole purpose of seeing profits given back to the community.

Warm regards

**Lynn Hayward**  
**MFVS Ltd. Chairman**

The community broadcaster's FM frequency will be 96.9FM. Broadcasting will be facilitated by transmission through a tower on Gardiner's Hill at Chudleigh.
